## Technology for apartheid and genocide in Palestine

The International Union of Scientists (IUS) presents a conversation with two leading experts on how Israel uses technology to surveil and kill, in Palestine and beyond, and how Israel enables repression elsewhere. Moderated by Natalya Dinat and Manabendra Nath Bera.

UTC (GMT) 14:00 on Sunday 16 June 2024.

To attend, register at [www.iuscientists.org](http://www.iuscientists.org).
